<b>4 Tests</b>	<b>7</b>
4.1 Automic tests . . . . .	7
4.2 Test scenario . . . . .	7
<b>5 Performance</b>	<b>8</b>
5.1 Starting . . . . .	8
5.2 Loading . . . . .	8
5.3 Extracting . . . . .	8
<b>6 Stability</b>	<b>9</b>
6.1 Nonfunctional requirements . . . . .	9
6.2 Stress testing . . . . .	9

## 1 Introduction

Blabla

## 2 Implementation mistakes

Task determination problem

...

## 3 Design mistakes

O\_o

## **4 Tests**

### **4.1 Automic tests**

### **4.2 Test scenario**

## 5 Performance

We should test the performance and then check how we could get it better.

### 5.1 Starting

maybe?

### 5.2 Loading

### 5.3 Extracting

## **6 Stability**

### **6.1 Nonfunctional requirements**

### **6.2 Stress testing**
